

HOSPITAL

- This year, it has rained heavily, we did not see sunlight for many days even in this month. Naturally, the workload dropped further as compared to July. We did close to 750 surgeries in August.
- Our Paediatric Ophthalmologist Dr. Anshulee Sood has resigned after working for more than four years with us. Dr. Abhishek Deole – our Glaucoma consultant has resigned after working with us for one year due to his personal social reasons. Both the doctors will leave next month.

CASE STUDY

Little Ansh's life changed

- Anshkumar (2 Year) of Village Borda Tal. Songadh visited Mandvi, when his parents brought him here. When Anshkumar was 12 months old, suffered from cough & cold, the doctor who examined him, diagnosed congenital bilateral cataract at that time.
- Ansh's parents visited some other eye hospital, where they were given estimate of Rs 30,000/- for one eye. Due to poor condition, they were very much confused. Father Ashwinbhai told this matter to his sister, who is a nurse at Nizar. She suggested him to visit Tejas Eye Hospital, Mandvi.
- First time, when they visited Mandvi, doctor examined & diagnosed congenital cataract in both eyes, but Ansh was suffering from cough & cold. So doctor started medicine for same and called them after he recovered from cold & cough.

Pre

Post

- The surgery of Ansh was a challenge due to corona pandemic, but somehow we managed to carry out corona test and after that arranged for anesthetist and surgery was done, one by one. However Intra Ocular Lens were not implanted but spectacles of +16 Dsph were prescribed.
- Now Ansh plays independently compared to his former days when he was sitting in a corner alone or colliding here & there while playing. Ansh's parents needed to carry him all the time because of his blindness. Not only that but also he did not had good health as he did not get proper exercise but, now he plays, runs and jumps & hence his health has also improved.

When he will be of 3 Years, IOL will be implanted & spectacles will be removed. He will lead a normal life. His parents pray to God for progress of hospital.

NETRAJYOTI TRAINING CENTRE

- First year optometry students and vision assistant students are learning practical tasks nicely. All the final year students have cleared their final exam and joined internship with handsome stipend.
- Dr. Bhavna Gagal from Surat completed her one month Phacoemulsification fellowship during the month. Dr. Divyang Patel has also completed two months SICS fellowship during the month and he has joined phacoemulsification fellowship in September.
- Prof. Bhatt took a combined session for core group members.
- Vishal Shah and Jay Hazariwala had gone to H. V. Desai Eye Hospital, Pune for 10 days training as Retcam technician.
- Two co ordinators from Budhrani Trust, Mumbai came to Mandvi for 10 days orientation training in eye care.
- Dr. Uday attended infection control and practice development workshop organised by Baroda Ophthalmic Society as a speaker on 21.8.22

CAMP ACTIVITY

- Twice a week eye camp activity has continued in spite of rains. We have totally switched to publicity being done by local person on incentive basis.
- School screening work has started from July. We have screened close to 4500 students in two months. However, we are finding refractive error in the tune of 1.5% only. We have invited Mr. Debashish – Optometrist from Mission for Vision to come and cross check the quality of work done.

VISION CENTRES

We have posted one Optometry intern at Kosamba vision centre as an experiment to see if the workload picks up or not.

HOSTEL FOR BLIND STUDENTS

One blind girl won a prize in the singing competition at Anand on 15th August.

GENERAL

- Construction work has progressed rather slowly due to heavy rains. Still, second slab of A building was completed by the end of the month. Preparation for third slab of C building is under way.
- Mr. Yatin Mistry our eye bank technician and vision centre supervisor did the honours of flag hoisting on 15th August this year.
