News Letter - February 2022

HOSPITAL :

Third wave of CORONA pandemic is almost over. We have performed 1272 eye surgeries in February.

Dr. Vidhi Patel has joined us as comprehensive ophthalmology fellow from 1.2.22.

Our paediatric ophthalmologist Dr. Anshulee Sood performed two major lid tear with canalicular tear repairs – one of the two was performed late at night which took almost three hours. We are happy that the patients are doing well and there won't be any watering from the eyes even at a later stage.

We treated one difficult neuro ophthal patient with complete ophthalmoplegia secondary to meningitis with the help of our local Physician Dr. Manishbhai Kagrecha. Our sincere thanks to him for taking the risk of treating such patient here in Mandvi. We appreciate his support.

We tried to treat one 10 years old girl with malnutrition grade V (she was looking barely 4 years old) here. She had developed corneal perforation secondary to Vitamin A deficiency. Parents are migrant sugar cane workers. She was suffering from severe anaemia and Tuberculosis in addition to corneal perforation. We gave her blood transfusions in our hospital

NETRAJYOTI TRAINING CENTRE :

We have heard very positive feedback about the performance of our interns. We are encouraged by the feedback.

Vision assistant students of present batch have completed their training by the end of the year. All of them are placed in jobs without any problem, in fact, there were more takers. We did not have more students. We have selected 14 students for the next batch. They will join from 1st March.

Mr. Debashish – optometrist from Mission for Vision visited us on 12-13th February for conducting a CME of our ophthalmic assistant team. All the team members enjoyed the learnings of quality improvement in day to day activities. Our sincere thanks to Mission for Vision for the same.

Dr. Purvi Garg has completed her one month SICS fellowship.

Prof. Bhatt took one more session online. It was heartening to learn that core team members have tried to implement the learnings and they are getting benefits out of this exercise. Our sincere thanks to Prof. Bhatt sir.

SATELLITE CENTRES AND VISION CENTRES :

Workload at vision centres has improved substantially. Slowly, paying patients have started coming through vision centres and field workers. Workload at Vyara centre is increasing gradually.

GENERAL :

Fourth patient was enrolled in Tacrolimus eye drops trial. PMMA IOL, Hydrophilic IOL and Hydrophobic IOL studies have enrolled more than 700 patients by the end of February.

Our innovative study of use of UV C rays and methylene blue eye drops has enrolled 47 patients over five months.

Second slab for building B was done during the month. Preparation for casting first slab of building A and second slab of building C is going on. First slab of building A will be done before Holi. Building D has reached plinth level.

Our RDD, Surat – Dr. Rupal Jeswani visited our hospital to see the activities during the month. CSR team of Adani foundation and ESSAR visited our hospital in response to our request for funding the Amalsadi construction project. CSR team of L & T also visited our hospital in response to our request for funding for equipments. Vidyabharti school teachers from Surat visited us to see the activities.

Lambda team conducted a site inspection visit during the month and were satisfied with the progress and documentation. However, we are not getting any patient for Ranibizumab trial is a concern – search is on.

Euprexia team conducted a virtual site initiation visit for Multi focal and Toric IOL study of Omni Lens manufacturers.

Second slab for building B was done during the month. Preparation for casting first slab of building A and second slab of building C is going on. First slab of building A will be done before Holi. Building D has reached plinth level.
