HOSPITAL

- This month's performance has overtaken last month's high - 1572. Seeing more than 400 OPD patients a day putting all the outreach centres together including base hospital has remained a daily affair.
- A clinical audit was done by Ms. Rekha, senior quality manager from LVPEI, Vizag through Vision 2020 : Right to Sight India programme. She gave us lot of suggestions from the point of view of NABH accreditation. We will slowly implement her suggestions as we will be applying for NABH after shifting to Amalsadi campus which is likely to happen towards the end of 2023.

NETRAJYOTI TRAINING CENTRE

- Vision assistant students have completed their three months practical training at vision centres. Most of them are placed for internship at the same place.
