

## Tejas Eye Hospital Run by Divyajyoti Trust

Suthar Faliya , At & Po. Mandvi , Dist. - Surat - 394160

Telephone No. 02623 - 221180, 221090

News Letter - June 2020

### HOSPITAL:

COVID 19 pandemic is far from being over. Number of cases are increasing rapidly as expected in unlock phase. We are lucky enough that with the grace of GOD, we don't have the problem of COVID positive cases in big numbers in our area. In unlock phase, the hospital is functional and we are happy to note that almost 60% of OPD volume is back and even surgical work is close to 50% level. We have examined 2400+ OPD patients and performed more than 475 surgeries. All our speciality clinics are also functional with 50-60% volumes. A repeat training of staff was done regarding new guidelines. Patients and relatives are praising our efforts to maintain the norms suggested by the Govt.

We have received six months report of follow up of patients done by team of Mission for Vision for the later half of the year 2019-20. According to the report, our work complies with the WHO guidelines and more than 90% of the patients have better than 6/18 post operative vision with best correction at six weeks. Patient satisfaction survey also yielded positive outcomes and we are happy to note that patients are satisfied with our services, facilities and other amenities including counselling services. Quality of life has also improved to a satisfactory level in majority of the cases. Their assessment of our camp activities and hospital facility also gives positive feedback with a few suggestions for improvement. We will work on the areas suggested for improvement. We take a pleasant note of the report and outcomes and thank Mission for Vision for undertaking this activity.

Visual Acuity Classification	Percentage (%)		Percentage (%)	
	Before Surgery (At Hospital)	(At Hospital)	6 Months After Surgery ( Without Pin Hole)	6 Months After Surgery ( With Pin Hole)
Good (6\6 - 6\18)	0		87	93
Border (6\24 - 6\60)	16		9	6
Poor (<6\60)	84		4	1
<b>Total</b>	<b>100</b>		<b>100</b>	<b>100</b>

An eight months old severely mal nourished baby was referred from other hospital came here with corneal perforation. The baby had lower respiratory tract infection also. Haemoglobin was also only 5 gm%. The emergency surgery to preserve physiology of the eye was indicated BUT on the other hand there was risk of life because of the poor general condition. We gave three antibiotics and blood transfusion, waited for 10 days BUT the infection did not clear and we had to send the baby home to come back after 15 days. We could not save the eye and felt sorry but the situation was beyond our control.

There was an adult patient in need of cataract with Vitrectomy surgery. BUT his general condition was not good and haemoglobin level was only 5.5 gm%. We arranged to give blood transfusion to that patient as he was poor. It was difficult for the patient to go back home to Bharuch and come back. After blood transfusion, the surgery was performed and patient went home happily.

### NETRAJYOTI TRAINING CENTRE:

University had announced dates for exam BUT later looking at the Govt. order, mass promotion is declared. However, for the final year students, the plan is to take final exam towards end of July with maintaining social distancing and other norms. This will make sure that the students' future is not compromised. However, these decisions are subject to last minute change.

Vision technician students are not yet called back to the training centre as the workload is still on the lower side and even regular staff members are doing duty in turns. Only 50% of the staff is on duty at any given point of time.

**Workshops:**

Dr. Uday was the resource person for the webinar conducted by Mission for Vision for their north east area partners. He gave a presentation on “Working in the hospital post lockdown in COVID era”.

**SATELLITE CENTRES AND VISION CENTRES:**

Satellite centres and vision centres OPD work was as also reached 70-75% level which is very good..

All the staff were provided a repeat training in working with the new guidelines on zoom call.

Surgical work at satellite centres has also started and we are able to help our patients in interior areas is an added pleasure. Because of the field workers, good number of operative cases are getting referred to Vyara centre giving boost to the activity. Field work is started in other areas also giving boost to the vision centres also.

Uchchal, Dediapada and Sagbara centres have started collecting patients and sending them in small groups once in a month to Mandvi. We are providing vehicle support. Khapar centre can do it BUT Maharashtra police is not allowing that right now.

**EYE CAMP:**

Govt. had suggested that all the outreach camp activities be suspended till end of June. We are waiting for the next order but it is very less likely that camps will be allowed in near future as the number of corona cases is increasing rapidly.

**GENERAL:**

One article from the RAVI survey (Rapid Assessment of Avoidable Blindness) is published in Open Source Publishers’ journal of Ophthalmology during the month. One more article from RAAB (Rapid Assessment of Avoidable Blindness) survey is accepted by Ophthalmic Epidemiology journal and will be published in six weeks.

Training of our ethics committee was done virtually by Dr. Ashish Rastogi from CT QUEST as physical meeting is not possible presently. The team enjoyed his presentation and a lot of clarity was developed as a result of the presentation.

The renewal of our ethics committee registration was due in August and we had submitted all the documents, the renewal process is completed and we have received renewal certificate towards the end of the month. Our sincere thanks to CT QUEST people for their support. The EC documents are submitted to ICMR also for registration.

The drawings of Amalsadi campus are now approved by the town planning department. Now, the land will be transferred in our name in due course of time after the name of the deceased donor is removed from the Govt. gazette which will take approximately six weeks. Then we will be ready to start construction any time. Looking at the monsoon approaching and also the COVID 19 scenario, we may plan to start construction immediately after Diwali.

Annual general meeting of our cooperative credit society of staff members was organised on 26th June. More than 50 members joined the meeting and made a couple of good suggestions.

Response to our donation appeal was so good – this was mentioned in the newsletter of the last month also – that we are now confident of going through this crisis with some difficulty. Faith shown in us by the donors is appreciated from the bottom of our hearts. Our moral is quite high due to this unconditional love and affection. Our sincere heartfelt thanks to all the wellwishers and supporters.

Our maintenance department utilised this spare time and repaired one dozen LED bulbs saving good bit of money.
