## HOSPITAL

- We have performed 916 Surgeries during this month. However, due to extreme heat and due to the effects of cyclone, the overall output was somewhat less.
- Dr. Astha Patel has completed her one and a half years long Comprehensive Ophthalmology fellowship by the end of the month. She will join us as a consultant after a break of one month.
- We have received one pair of eyes from Mandvi. Local eye donations are very few. We appreciate the donor family for the same.

## NETRAJYOTI TRAINING CENTRE

- Training of three batches of vision assistant students and internship of one batch of students is going on well. Their performance in weekly exams is improving. They are learning practical skills also very well. Majority of the students who are doing internship right now, have agreed to work at the respective vision centre where they are posted right now. With these students joining us, most of our vision centres will have two staff members.
- Training of new batch of optometry students is also going on well. Internship of third batch of optometry students is also going on well. Exam was taken in the last week of the month for all the four batches. Fourth year students will complete their internship by mid-August and join Lenskart. The third year students will start their internship from middle of July or so.

- Our first and second year optometry students and three batches of vision assistant students were sent to Uka Tarsadia University from 12th to 16th June for a crash course in soft skills development. We thank the centre for humanities department for the same.
