

TEJAS EYE HOSPITAL DIVYAJYOTI TRUST

HOSPITAL

- We have performed 1065 Surgeries during this month. Overall performance is more than the October month last year.
- We have procured Constellation vitrectomy machine from Alcon with the financial support of Tarsadia Foundation, USA. This has enabled retina surgeries to become sutureless, the way cataract operations are sutureless. It has eased the surgery with greater control and accuracy and also brought down the surgical time to some extent. We are very thankful to Tarsadia foundation for their support.

NETRAJYOTI TRAINING CENTRE

- The new batch of Vision Assistant students was started from 1st August. Their training is going on nicely.
- Optometry interns are showing satisfactory performance. Five rounds of admission are completed by ACPC for the new batch. Hopefully, the new batch will start immediately after Diwali.
- Dr. Rucha Kacha from Ahmedabad came for one month Phaco fellowship during the month.
- Dr. Mansi Karia attended Glaucoma Society of India annual conference at Pune during the month.

- One batch of vision assistant students have completed their training by the end of the month. 12 students were sponsored by ONCC. ONCC team came to Mandvi on 30th October for a certificate distribution function. Their CSR head Mr. R. K. Mishra sir with his team gave away the certificates. They praised the work done over the year in terms of training of students.

ONGC team came for a certificate distribution function

VISION CENTRES

- We have continued bi monthly visit of a team consisting of Ophthalmologist, Ophthalmic assistant, maintenance staff and cleaning staff to vision centres.
- Overall, the performance of all the vision centres has improved. Particularly where field work is happening in the afternoon, the OPD seems to be picking up. However, due to festivities, the workload has dropped at most of the centres.

ROP PROJECT

- We have screened 128 babies and treated 0 babies during the month. ROP project for Navsari district is approved by Mission for Vision from Nov. 23 upto March 24.

Get-together of ROP babies and their parents was organised on 1st October at Mandvi

TRUCK DRIVERS' SCREENING PROJECT

- 3 camps were conducted during the month. By now, we have screened close to 1988 truck drivers and cleaners in 26 camps.

CBR PROJECT FOR SONGADH TALUKA

- M/S Sajjan India Ltd. has approved Community Based Rehabilitation project for blinds in Songadh taluka from October onwards. Interviews for workers were held on 17th October and module I training of workers was done in the last week of October.

GENERAL

- All 40 patients enrolled in Dry eye study have completed the final visit. A site monitoring visit was carried out during the month by the CRO. Now, sometime in December, close out visit will take place.
- A get to gather of ROP babies and their parents was organised on 1st October at Mandvi. 28 parents came with their babies. BUT, we felt little sad because almost none of the baby is under regular yearly follow up. Dr. Kavin Shroff – our retina specialist, explained the need for regular follow up in details. All the kids underwent dilated retinoscopy and fundus examination. We are planning for a similar meeting in Dharampur.
- A get to gather of Camp organisers and well-wishers of our eye camps was organised on 29th October. 50 well-wishers participated in the meeting and we shared with them our ideas and requested for their support in strengthening vision centres. Their response was very encouraging. They also gave us a few suggestions. We will work upon their suggestions.
- An ethics committee meeting was planned on 1st October. Two studies – one IOL study of Biotech and one Myopia spectacles film study were given approval.
- World Sight Day was celebrated at Vyara and Khapar. We examined Janak Smarak Hospital staff in Vyara and Panchayat office staff in Khapar. A quiz competition and poster competition were organised at Mandvi for our optometry students.
- Mr. Debashis Maiti from Mission for Vision came to Mandvi for audit of activities at Vyara and Khapar. He will send his report soon. He has made some observations and gave some suggestions also. We will look into the same and try to improve upon our practices based on suggestions.
- We have joined the LEAP series for improving cataract surgical outcomes run by Aravind eye hospital. Two basic information sharing sessions have taken place. The team from Aravind has come to Mandvi to assess our practices and understand the areas for improvement on 30th. They will be here till 2nd November. Our team will be going to Madurai in second week of December.
- Internal and external plaster of B building is completed in October. Electrical work is also going on in three buildings. Internal masonry work and plaster work is going on. We have procured plumbing material. Granite application at seal level has started in all buildings.

World Sight Day was celebrated at Mandvi, Vyara and Khapar, respectively

With MP Shri Rameshbhai Dhaduk who helped us in FCRA clearance
