

TEJAS EYE HOSPITAL DIVYAJYOTI TRUST

HOSPITAL

- Raining has reduced and the workload is increasing. We have performed 923 operations during the month. Premium lens implantation work has increased to a small extent.
- Our Paediatric Ophthalmologist Dr. Anshulee Sood and Dr. Abhishek Deole – our Glaucoma consultant have left us during the month.
- Clinical audit of our refraction work was done by Mr. Debashish from Mission for Vision. He strongly suggested that our team needs to follow standard uniform protocol and also use retinoscopy, Jackson cross cylinder and duochrome test routinely.

- School screening work has started from July. We have screened close to 5000 students in three months. Mr. Debashish from Mission for Vision had come to cross check the work done by our team. He confirmed that we are not missing high degrees of refractive errors. He suggested that we should include even the small degrees of refractive errors also but we have decided to continue with 6/12 cut off and not prescribing small degrees of refractive errors.
