

Training Programme for Theatre Nurse
DIVYAJYOTI TRUST, MANDVI
Guideline

(1) Introduction

Divyajyoti Trust is a voluntary development organisation involved in eye care activities in rural tribal areas of Surat district of south Gujarat. Divyajyoti Trust endeavors to reach out & assist the poorest of poor for eye care through base hospital & outreach programmes based upon the community needs & available manpower.

EYE Programme:

More and more people are taking advantage of the services provided by hospital covering population of 2.5 million and diagnostic camps in interior rural areas. The programme, which treats 3000 patients and operates more than 400 patients, every month, has facilities like operating microscopes, Diode & Yag lasers, auto refractor, OCT, clinical specular microscope, A-B scan. Photo slit lamp, Phaco-emulsification & automated perimeter. Surgeries like cataract with intraocular lense implantation & Keratoplasty are regularly performed. About 75% patients get free treatment for which financial assistance from organisations and local community is available.

(2) Objectives of the training:

The importance of asepsis and antisepsis in the surgical protocol has been emphasized time & again. Specific & thorough understanding of theatre discipline, etiquette, team spirit and precision in sterilization procedure is needed to complete the delicate and multifaceted surgical job. This can be done by well designed training course for the nurse.

Our understanding of the asepsis and antisepsis has grown recently very rapidly and with that the rate of post operative infection has come down drastically worldwide. But that resulted in need to orient our staff in these procedures and keep ourselves abreast with the main stream. This programme will address the need to orient the present staff working in the operating rooms to the recent advances in the sterilisation protocol and even train the new entrants in to the operating rooms.
