News Letter - August 2021

HOSPITAL:

The CORONA pandemic is as if forgotten by people in our area which may be inviting a third wave – A worry some scenario. OPD and surgical workload has come back to near normal.

Due to monsoon season, sickness among staff including dengue and malaria remained high.

One more Ophthalmologist Dr. Ravi Vaishya has joined our team during the month.

Dr. Nileshbhai Nayak from Bardoli has started coming once in a week as a visiting faculty from this month. His presence will be very useful due to his vast experience of 23 years.

Oculoplasty consultant Dr. Vasvi Joshi, Neuro Ophthalmology consultant Dr. Tanuja Rakhe and Cornea consultants Dr. Darshan Kansara & Dr. Rohan Thakkar have started their regular visits from this month.

NETRAJYOTI TRAINING CENTRE:

All the third year optometry students have joined their respective places for internship and we are happy to note that all of them got internship with stipend just like last year. All the first batch students were invited to join as a staff member at the respective places where they did their internship. Their internship will end soon and they will fill up forms for convocation function. They are offered a handsome salary by the employers and we are very happy for this reason.

All short term training programmes are restarted. Dr. Mamta Meena joined one month phaco fellowship and Dr. Pooja Patel has joined two months SICS fellowship.

Hardatt Gohil – our vision technician posted at Kosamba centre completed his one month training in optical fitting during the month. We will be able to start fitting work at Kosamba now.

CME for ophthalmic assistants posted at outreach centres was organised on 28th August. This helps the team revise the training and perform better consistently.

Prof. Bhatt took one more session online. All the core team members are enjoying these sessions and are trying to learn the leadership skills. Prof Bhatt is planning to come to Mandvi for a physical session towards end of September if third wave of CORONA pandemic is not seen.

Eye camps:

We have not yet started camp activity.

SATELLITE CENTRES AND VISION CENTRES:

Workload at vision centres has improved to some extent. Hope, situation will improve after monsoon. Probably the community is busy with agricultural work.

Our Vyara centre is converted into COVID facility and we have temporarily closed down our eye care activities in Vyara.

GENERAL:

Govt. is forcefully implementing fire safety equipments installation and unduly rushing everyone for the same. In reality, we have most of the fire safety equipments installed and in working condition. Still, we have ordered remaining equipments and installation will be completed early next month.

Our optometrist and faculty in the college – Ms. Shivani Suchal and Mr. Chirag Tailor – our angiography & eye bank technician, both have cleared the international certification exam in use of ETDRS chart necessary to get involved in conducting clinical trials. We were very happy to note this development. We thank our paediatric Ophthalmology fellow Dr. Uma Shroff for taking interest and training both the staff in use of ETDRS chart.

Construction work at Amalsadi site came to almost stop due to monsoon.

Distribution of flip charts to ASHA workers of Mandvi taluka was done on 21st August. These flip charts were a part of our Diabetic Retinopathy project. These will be helpful to the ASHA workers in explaining about diabetes and diabetic retinopathy to the community.

Our innovative study of use of UV C rays and methylene blue eye drops has been registered with CTRI. Now, we will start enrolment of patients in the study.
