News Letter - December 2020

HOSPITAL:

COVID 19 pandemic, at least for the time being has slowed down. We have seen the effect of winter during this month. We have performed maximum number of surgeries for the year in this month. We crossed 950 mark for the first time. We saw maximum 212 OPD patients on 21st and performed 45 operations on 23rd December. During the month, 3 vision technician students tested positive, they are quarantined. All the other students were also tested but they were negative.

NETRAJYOTI TRAINING CENTRE:

Classes for optometry students for second and third year respectively are going on. Admission process for new batch is going on. Govt. has given permission to open almost a dozen new colleges in different branches and so the number of admissions may remain on the lower side.

Practical training of all the Vision assistant and Ophthalmic nursing assistant students is going on with revision of theory. We hope to finish this training by the end of January. By now, seven students have received placement and couple of students may get placement in near future. Our efforts for their placement are on.

Our team of Optometrist and Ophthalmic assistant were trained in using ETDRS chart by Ms. Hiral – faculty from Lotus school of Optometry on 26.12 as we are planning to get involved in a drug trial.

CONFERENCES AND WORKSHOPS:

Dr. Udaybhai talked about “Increasing access to refractive error and presbyopia services in Western India” in a webinar for the staff of Visionspring on 3rd Dec.

Dr. Udaybhai talked about our experiments as a part of Success stories from the ground and role of AOP in primary eye care in the virtual conference of Indian Optometry Association on 6th Dec.

SATELLITE CENTRES AND VISION CENTRES:

All vision centres are sending patients regularly for surgical work. Number of patients coming from Khapar centre have also increased.

EYE CAMP:

Camps have been started in Vyara area. From January, once the field workers join, we will start organising camps in Khapar area also.

Hostel for blind students:

Children in the hostel are enjoying company of each other. As schools have not yet opened, they are taught by our braille teacher and the rector.

GENERAL:

Community meetings were organised in Kim and Kosamba vision centres. 10 -15 leaders joined us in the meeting. The changed strategy of collecting patients at Vision centres in place of diagnostic camps was discussed. Everybody agreed with the idea and they were requested to help us collect more patients in this manner. We requested them to help us convince our camp donors also to support this new method of working. We had a positive response at both the places and now, we are planning to conduct similar meetings at other centres also.

As we have received all the legal clearances for construction on Amalsadi campus, we are gearing up to start the construction work towards the end of January. Tenders for the same have been floated and the contractors are finalised. Brochure for fund raising campaign has been printed. We are in the process of finalising the dates for foundation stone laying function.

We are trying to give our website also a new look. Photos of all our doctors have been uploaded on the website. Few more changes will be done in due course of time.
