

## Tejas Eye Hospital Run by Divyajyoti Trust

Suthar Faliya , At & Po. Mandvi , Dist. - Surat - 394160

Telephone No. 02623 - 221180, 221090

News Letter - December 2021

### HOSPITAL:

We have performed 1392 eye surgeries in December – the highest for the year in a month. 71 surgeries were performed on 31st December – the highest for one day in the year.

Dr. Zalak Shah completed her one year comprehensive fellowship by the end of December and left. We appreciate the good work done by her during her tenure.

Dr. Ishwar Mistry left us overnight towards the end of the month. These things also happen. We have to manage.

Number of CORONA cases is on the rise in the country and experts say that third wave is on. We just need to be extra cautious. However, the problem is that patients and relatives are least bothered. Nobody follows the instructions and our supervisor has to continuously remind people for mask and social distancing.

### NETRAJYOTI TRAINING CENTRE:

First batch of students are already in the job. Internship of second batch students is also going on well.

Dr. Shabnam Ipli completed her one month Phaco fellowship and Dr. Astha Patel has completed her one month SICS fellowship – in fact, she had to leave for joining comprehensive fellowship elsewhere.

Prof. Bhatt took one more session online. All the core team members are enjoying these sessions and are trying to learn the leadership skills.

### Eye camps:

We have started camp activity towards the end of the month.

### SATELLITE CENTRES AND VISION CENTRES:

Workload at vision centres has improved substantially.

Workload at Vyara centre is increasing gradually.

### CONSULTANCY:

Dr. Uday visited two vision centres run by Sewa Sadan Eye Hospital, Bhopal in Itarsi area for evaluation of the performance of the centres. This was suggested by the funding agency of these vision centres – Mission for Vision.

### GENERAL:

We have received silver seal from Guidestar India. This is a kind of a recognition for our transparency and genuineness.

Three patients are enrolled in Tacrolimus eye drops trial. One patient got enrolled in Ranibizumab trial. PMMA IOL, Hydrophilic IOL and Hydrophobic IOL studies have started and we have enrolled close to 200 patients by the end of December.

Our innovative study of use of UV C rays and methylene blue eye drops has enrolled 37 patients over four months.

We have reached plinth level in buildings B and C. We hope to reach plinth level for building A by mid January and for building D by end of January.
