

## Tejas Eye Hospital Run by Divyajyoti Trust

Suthar Faliya , At & Po. Mandvi , Dist. - Surat - 394160

Telephone No. 02623 - 221180, 221090

News Letter - January 2021

### **HOSPITAL:**

Till the end of January, India has not seen the second wave of COVID 19 pandemic. We have seen the effect of winter during last two months. For the first time in the year, we crossed 1000 mark. We saw maximum 231 OPD patients on 18th January and performed 51 operations on 22nd January. The workload is gradually showing a trend towards normalcy which is a welcome sign. However, it is really difficult to ensure that our patients and their relatives follow the protocol.

We have received CORONA vaccine during the month. More than 70% staff members have taken first dose. Many of us experienced low grade fever and malaise for a day. We have not seen any CORONA infection among the staff or students during the month.

One Comprehensive Ophthalmology fellow – Dr. Zalak Shah and one long term Glaucoma fellow – Dr. Mansi Desai have joined us from 1st January.

We have started going to Vyara for ROP screening from this month. It will be a fortnightly visit. We are going to the biggest NICU of Vyara – Dr. Modi's hospital.

### **NETRAJYOTI TRAINING CENTRE:**

Classes for first year optometry students is started. Classes for 2nd year and 3rd year students were started last month. Students are happy with class room training. They are more comfortable in the class room then online.

We have completed training of this current batch of vision technician and ophthalmic nursing students. Out of the total 18 students, 13 have received placement and have joined duties at respective places. Only five students are now left with us. Our efforts for their placement are on.

### **SATELLITE CENTRES AND VISION CENTRES:**

All vision centres are sending patients regularly for surgical work. Number of patients coming from Khapar centre have also increased. In fact, we have to restrict the numbers at times. What CORONA pandemic has done is a welcome change. Patients coming to the vision centres without the need to organise eye camps.

### **EYE CAMP:**

Camps have been started in Vyara area. Field worker has joined in Akkalkua area and we have started bringing patients from Akkalkua area also.

### **VIVEKANAND PRAGNACHAKSHU BHAVAN – HOSTEL FOR BLIND STUDENTS**

Andhjan Shala, Surat management have donated 8 cell phones to our blind students. These will be useful to the students for attending classes online.

### **GENERAL:**

Foundation stone laying function on the Amalsadi campus was held on 17th January. Cabinet minister Shri Ganpatsinh Vasava and our local MP Shri Prabhubhai Vasava laid the foundation stone. Good amount of donations were also declared on that day. Swami Gnan Vatsal swami from BAPS, gave his blessings online as he could not attend the function. Muni Shri Jin Chandra Vijayji Maharaj sent his blessings through a letter as he also could not attend the function. Actual construction work will start towards the end of the month. It is a dream project for many people including Divyajyoti trust and our architects. All of us are ready to put in hard work and extra efforts to make it a grand success.

Pratik Gandhi – SCAM 93 fame actor has agreed to become our brand ambassador. A short two minute video clip is prepared where he is requesting donors to come forward for our Amalsadi project.

Tenders have been processed for the construction work and the contractors have been appointed.

It is a pleasure to note that our article titled “Operational Research study on compliance of spectacle wear among school” is accepted for publication in IJO. It will be published soon.

Our ethics committee meeting was held on 7th January. It was a virtual meeting. Approval was given to conduct the clinical trial of Brinzolamide with JSS medicals. The company officers will visit us sometime in February and then the trial will begin.

Approval was also given to two retrospective telephonic surveys of corneal ulcer patients and keratoplasty patients to understand the barriers to compliance. One more study of “Use of UV C rays and methylene blue eye drops in the treatment of corneal ulcer” has been approved.
